**John-Michael Keyes**

*I Love U Guys*

John-Michael Keyes connects the violent incident at Platte Canyon High School with the Black Swan Theory.

John-Michael lost his daughter in the violent incident at Platte Canyon High School and will give an inspiring key

note speech about the Black Swan Theory. This theory stems from an old belief that all swans were white and was used in reference to something impossible. When black swans were discovered in Southern Australia, the meaning changed. It's now used to refer to an improbably event. Black swan events can be both negative and positive. John-Michael connects the violent incident at Platte Canyon High School and the aftermath with the Black Swan Theory.
