## Learn How to Conduct a School Security Assessment

**Now WSSCA offers School Districts and Law Enforcement Agencies the opportunity to learn how to conduct their own site assessments with the same theory, tools, and protocols we have been successfully using statewide.**

### **Wisconsin Statute 118.07 requires:**

*118.07 (4) (b) A school safety plan shall be created with the active participation of appropriate parties..... Before creating or updating a school safety plan, a school board or governing body of a private school shall, in consultation with a local law enforcement agency, **conduct an on-site safety assessment of each school building, site, and facility** that is regularly occupied by pupils.
