WSSCA

By Popular Demand

We have added another class opportunity!

September 24, 2018

Howard-Suamico School District

Learn How to Conduct a School Security Assessment

Wisconsin Statute 118.07 requires:

118.07 (4) (b)...Before creating or updating a school safety plan, a school board or governing body of a private school shall, in consultation with a local law enforcement agency, conduct an on-site safety assessment of each school building, site, and facility that is regularly occupied by pupils.

Now WSSCA offers School Districts and Law Enforcement Agencies the opportunity to learn how to conduct their own site assessments with the same theory, tools, and protocols we have been successfully using statewide.

September 24, 2018

Howard-Suamico School District

2700 Lineville Rd, Green Bay, WI 54313
